

## Interpreting Your MTLE Score Report

- 1 Subtest Status**  
 If you received a scaled score at or above the “Minimum Passing Score,” you will receive a “Passed” status. If you receive a scaled score below the “Minimum Passing Score,” you will receive a “Not passed” status. To pass the entire test, you must pass each subtest.
- 2 Your Subtest Score**  
 The total subtest score is based on the number of raw score points earned on each section; the proportion accounted for by each section, if applicable; and the scaling of that score. Raw scores are converted to a scale of 100 to 300.
- 3 Passing Score**  
 To pass each subtest, you must obtain the minimum passing score listed or higher.
- 4 Subtest Diagnostic Information**  
 Diagnostic information is provided for all subareas of the subtests taken on the test date indicated. Refer to the test framework for a description of subarea content.
- 5 Multiple-Choice Information**  
 Performance on each multiple-choice subtest is based on the number of questions answered correctly; points are not “lost” for wrong answers.
- 6 Performance Indices**  
 Performance indices provide information on your performance on each subarea and may help you assess your strengths and weaknesses.
- 7 Reporting**  
 Your results are automatically reported to the Minnesota Professional Educator Licensing and Standards Board. The Minnesota institution(s) listed receive your results as you indicated during registration.
- 8 Passing Status Summary Report**  
 This section lists each subtest you have passed to date and the date you passed the subtest. Each subtest you have taken but did not pass is noted as “Not Passed.” Each subtest you have not yet taken is noted as “Not Taken.”
